# ENERGY HAWK RESEARCHER

(ALL DISCIPLINES WELCOME!)

The Energy Hawks paid internship is a premier research opportunity for students to better understand North Dakota's existing energy landscape and focus that insight on future energy challenges and opportunities.

Established in 2018, the EERC Energy Hawks are a multidisciplinary group of graduate and undergraduate students focused on enhancing North Dakota's energy industry through a broad range of concepts. Research, interviews, and extensive travel in North Dakota expose these students to the opportunities and challenges of the energy industry, leading them to develop initiatives for further research and consideration.

PAID SUMMER INTERNSHIP

# ENERGY HAWKS INTERNS

RESEARCH – TRAVEL – NETWORK

The Energy Hawks Program brings together students from multiple disciplines to become immersed in North Dakota energy and identify outside-of-the-box ideas for enhancing the value that North Dakota energy already provides.
